შესავალი

ძვირფასო მეგობრებო....
ეს არ არის სამეცნიერო ნაშრომი,რომელშიაც დეტალურადაა განხილული მე 20 საუკუნის მიჯნის თბილისის სოციოკულტურული მდგომარეობა ,მისი ხუროთმოძღვრული ასპექტები. ეს არც მხატვრული ალბომია,სადაც მაღალპროფესიონალური ფოტოტექნიკით შესრულებული ნამუშევრებია შეკრებილი... უბრალოდ წარმოიდგინეთ რესტორნის მენიუს მსგავსი გამოცემა,რომელიც გთავაზობთ, მსგავსად პიკანტური კერძებისა ,მე 19 საუკუნის თბილისის ისტორიული შენობების არქიტექტურულ ნაწილებს...
თქვენ წინ გეშლებათ გემოებისა და არომატების ფართე დიაპაზონი, რომელიც დროისა და სივრცის სიღრმიდან მომავალი აღმოსავლურ-დასავლური,სამხრეთული და ჩრდილოური არქიტექტურის კომპონენტების უჩვეულო,განუმეორებელ ნაზავს წარმოადგენს...ქალაქის ხურომოძღვრების მცირეოდენი ფრაგმენტის ნახვა დაკვირვებულ გონში ლოგიკურად აღძრავს სურვილს გაარკვიოს ამ ფრაგმენტის რაობა,მისი დანიშნულება,წარმოშობის ისტორია... დეტალებიდან ზოგადისკენ მოძრაობას კი მივყევართ საუკუნეთა გასაყარის პერიოდის თბილისის,როგორც სოციოკულტურული ფენომენის განმარტების სურვილამდე...
„თბილისური კოლექცია“ მე19 საუკუნის დასასრულისა და მე-20 საუკუნის დასაწყისის თბილისის არქიტექტურული გარემოს ძირითადი შემადგენელი ნაწილის- საცხოვრებელი სახლების, იშვიათად, საზოგადოებრივი დანიშნულების ნაგებობების არქიტექტურული დეტალების ერთგვარი კატალოგია,რომელიც მოიცავს ქალაქის შემორჩენილი ძველი ნაწილის შენობების ღირშესანიშნავ ფრაგმენტებს.
ეს კატალოგი საბოლოო ჯამში ავტორის სუბიექტურ აღქმაზე და გემოვნებაზეა დაფუძნებული და შესაბამისად არავითარი პრეტენზია არა აქვს სრულყოფილებაზე.
დიდი იმედი მაქვს,რომ ვიზუალური ინფორმაციის განთავსება მტკვრის მარჯვენა-მარცხენა სანაპიროს პრინციპით და ყოველი ფრაგმენტის მისამართის მითითება გაუადვილებს შემდგომ ძიებას დაინტერესებულ პირებს...
ამ წიგნს ვუძღვნი ყველა იმ ადამიანს,ვინც თავისი ცხოვრებით,თბილისის სიყვარულითა და მაღალი პროფესიონალიზმით შთამაგონა და სტიმული მომცა ამ კოლექციის შესაქმნელად.
ამ ადამიანების ჩამონათვალში შედიან ჩემი მშობლები,ჩემი მეგობრები,ჩემი პედაგოგები სამხატვრო აკადემიიდან და უდროოდ გარდაცვლილი კოლეგები.
მადლობა...
თქვენი ნოდარ სუმბაძე

PREFACE

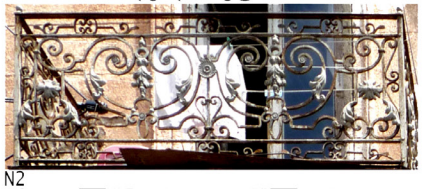

Dear friends....
This is not a scientific work, in which the sociocultural situation of Tbilisi at the end of the 20th century, its architectural aspects are discussed in detail...
This is not an artistic album, where works made with highly professional photo techniques are collected...
Just imagine a publication similar to a restaurant menu, which offers, like spicy dishes, the architectural parts of the historical buildings of Tbilisi in the 19th century...
A wide range of flavors and aromas unfolds in front of you, which represents an unusual, unrepeatable mixture of eastern-western, southern and northern architectural components coming from the depths of time and space... Seeing a small fragment of the city's architecture logically arouses in the observant mind the desire to find out what this fragment is, its purpose, The history of the origin... we follow the movement from details to the general to the desire to explain Tbilisi of the turn of the century as a sociocultural phenomenon...
"Tbilisi collection" is a kind of catalog of architectural details of residential houses, rarely, public purpose buildings, which are the main constituent part of Tbilisi's architectural environment of the end of the 19th century and the beginning of the 20th century, which includes valuable fragments of the buildings of the old part of the city.
This catalog is ultimately based on the author's subjective perception and taste, and therefore makes no claim to perfection.
I really hope that the placement of visual information according to the principle of the right-left bank of Mtkvari and indicating the address of each fragment will facilitate the further search for interested persons...
I dedicate this book to all those people who inspired me with their life, love of Tbilisi and high professionalism and gave me an incentive to create this collection.
The list of these people includes my parents, my friends, my teachers from the Academy of Arts and colleagues who died prematurely.
thanks...
Yours Nodar Sumbadze
